Prompt #1

75% (3/4)

USER INPUT

You are a football coach. Your team is losing 2-0 at halftime. Write a short motivational speech for your players.

LLADA OUTPUT

Alright, team, we're down by two points, but we can't let this setback define us. We've worked hard, trained relentlessly, and we're ready to come back stronger. Let's focus on our strengths, stay sharp, and make a difference in the second half. Let's do this!

YES/NO EVALUATION RUBRIC

Does the output mention the score or being behind?

✓ PASS

Does the output say the players can win or come back?

✓ PASS

Does the output give at least one specific tactical instruction?

✗ FAIL

Does the output use words like we, team, or players?

✓ PASS

Prompt #2

80% (4/5)

USER INPUT

Explain the theory of relativity to a 5-year-old. Use simple words and a short analogy.

LLADA OUTPUT

Imagine you're on a playground swing. When you're moving fast, time seems to slow down for you. That's because the faster you go, the slower time moves for you. This is a small part of the theory of relativity, which helps us understand how time and space work together in the universe.

YES/NO EVALUATION RUBRIC

Does the output use simple everyday words with no technical jargon?

✓ PASS

Does the output use an analogy or real-world comparison?

✓ PASS

Does the output say that time or distance can change depending on speed?

✗ FAIL

Does the output avoid math equations or formulas?

✓ PASS

Does the output say the speed of light is constant or that fast movement affects time?

✓ PASS

Prompt #3

75% (3/4)

USER INPUT

Write a Python script that reads a CSV file and calculates the average of a column named 'Price'. Handle missing file errors gracefully.

LLADA OUTPUT

```
import pandas as pd

try:
    df = pd.read_csv('data.csv')
    average_price = df['Price'].mean()
    print(f'Average price: {average_price}')
except FileNotFoundError:
    print('Error: The CSV file was not found.')
```

YES/NO EVALUATION RUBRIC

try: compile(output, '', 'exec') result = True except SyntaxError:
result = False return result

✓ PASS

Does the script read from a CSV file using the csv module or
pandas?

✗ FAIL

Does the script calculate the average of a column called Price?

✓ PASS

Does the script handle the case where the file does not exist?

✓ PASS

Prompt #4

100% (4/4)

USER INPUT

Summarize the following meeting note in exactly 3 bullet points: We discussed the Q3 roadmap, agreed to move feature X to October, and assigned Alice to draft the spec by Friday.

LLADA OUTPUT

- Q3 roadmap discussed
- Feature X moved to October
- Alice assigned to draft spec by Friday

YES/NO EVALUATION RUBRIC

```
import re
lines = [l.strip() for l in output.strip().splitlines() if l.strip()]
items = [l for l in lines if re.match(r'^(\d+[\.]|[-*•])\s+', l)]
count = len(items) if items else len(lines)
return cou...
```

✓ PASS

Does it mention moving feature X to October?

✓ PASS

Does it mention Alice drafting the spec by Friday?

✓ PASS

Does it mention the Q3 roadmap?

✓ PASS

Prompt #5

100% (4/4)

USER INPUT

Summarize the plot of the movie 'The Matrix' (1999) in exactly 3 sentences.

LLADA OUTPUT

In 'The Matrix,' Neo discovers his reality is a simulated reality controlled by intelligent machines. He joins a group of rebels led by Morpheus to fight against the machines and free humanity from the Matrix. Neo's journey involves uncovering his identity, mastering his powers, and understanding the true nature of the Matrix.

YES/NO EVALUATION RUBRIC

```
import re
text = output.strip()
sentences = [s.strip() for s in re.split(r'(?<=[.!?])\s+', text) if s.strip()]
return len(sentences) == 3
```

✓ PASS

Does the summary mention Neo as the main character?

✓ PASS

Does the summary say reality is a simulated world controlled by machines?

✓ PASS

Does the summary mention a conflict between humans and machines?

✓ PASS

Prompt #6

60% (3/5)

USER INPUT

Create a 3-day workout plan for a beginner using only bodyweight exercises. Include sets and reps for each exercise.

LLADA OUTPUT

Day 1: 3 sets of 10 push-ups, 3 sets of 10 squats. Day 2: 3 sets of 10 lunges, 3 sets of 10 step-ups. Day 3: 3 sets of 10 burpees.

YES/NO EVALUATION RUBRIC

Does the plan have exactly 3 workout days?

✓ PASS

Are all exercises bodyweight only with no equipment needed?

✓ PASS

Are the exercises suitable for a beginner?

✗ FAIL

Does the plan target different muscle groups on different days?

X FAIL

Does the plan include sets or reps for each exercise?

✓ PASS

Prompt #7

100% (5/5)

USER INPUT

Explain why the sky is blue. Keep it under 100 words.

LLADA OUTPUT

The sky appears blue because sunlight passes through Earth's atmosphere, scattering shorter wavelengths of blue light more than longer wavelengths. This phenomenon, known as Rayleigh scattering, causes blue light to be scattered in all directions, making the sky appear blue. The scattering of blue light is more pronounced during sunrise and sunset times.

YES/NO EVALUATION RUBRIC

`return len(output.strip().split()) <= 100`

✓ PASS

Does the output mention Rayleigh scattering or light scattering by the atmosphere?

✓ PASS

Does the output say that blue light is scattered more than other colors?

✓ PASS

Does the output say sunlight or light interacts with air or the atmosphere?

✓ PASS

Does the output avoid saying the sky is blue because it reflects the ocean?

✓ PASS

Prompt #8

100% (4/4)

USER INPUT

Write a short professional email declining a job offer. The reason is that the salary is too low.

LLADA OUTPUT

Subject: Re: Job Offer

Dear [Manager's Name],

Thank you for the job offer. Unfortunately, I must decline the position due to the salary being too low. I hope to hear from you in the future with a more competitive offer.

Sincerely,
[Your Name]

YES/NO EVALUATION RUBRIC

Does the email have a greeting and a sign-off?

✓ PASS

Does the email decline or turn down the job offer?

✓ PASS

Does the email mention salary or pay as the reason for declining?

✓ PASS

Does the email thank the employer for the offer?

✓ PASS

Prompt #9

80% (4/5)

USER INPUT

List exactly 5 ingredients for a traditional Margherita pizza. Use a numbered list.

LLADA OUTPUT

1. Dough
2. Tomato sauce
3. Mozzarella
4. Olive oil
5. Fresh basil leaves

YES/NO EVALUATION RUBRIC

```
import re
lines = [l.strip() for l in output.strip().splitlines() if l.strip()]
items = [l for l in lines if re.match(r'^(\d+[\.]?)[-*\s+]', l)]
count = len(items) if items else len(lines)
return cou...
```

✓ PASS

Does the list include dough or flour?

✗ FAIL

Does the list include tomatoes or tomato sauce?

✓ PASS

Does the list include mozzarella cheese?

✓ PASS

Does the list include fresh basil?

✓ PASS

Prompt #10

40% (2/5)

USER INPUT

Compare and contrast Batman and Superman in two short paragraphs.

LLADA OUTPUT

Batman and Superman are two iconic superheroes from DC Comics. While Batman is known for his vigilante and detective skills, Superman is known for his incredible strength and flying abilities. Both characters are dedicated to protecting Gotham City and Metropolis, but they have different personalities and approaches to fighting crime and protecting their respective cities.

YES/NO EVALUATION RUBRIC

Is the response split into exactly two paragraphs?

✓ PASS

Does it say Superman has superpowers or comes from another planet?

✗ FAIL

Does it say Batman has no powers and relies on technology or intelligence?

✗ FAIL

Does it contrast the personalities of Batman and Superman?

✓ PASS

Does it cover both similarities and differences between them?

✗ FAIL

Prompt #11

50% (2/4)

USER INPUT

Create a short troubleshooting checklist for a Wi-Fi connection that keeps dropping. Format it as numbered steps.

LLADA OUTPUT

1. Restart your router and modem.
2. Check if your router is in a safe mode.
3. Update your router to the latest firmware.
4. Try connecting to the Wi-Fi network from another device.
5. Check if there are any other devices using the Wi-Fi network.

YES/NO EVALUATION RUBRIC

Is the output formatted as a numbered or ordered list?

✓ PASS

Does it mention restarting the router or modem?

✓ PASS

Does it mention reconnecting to Wi-Fi or checking Wi-Fi settings?

✗ FAIL

Does it mention signal strength or distance from the router?

✗ FAIL

Prompt #12

40% (2/5)

USER INPUT

Give step-by-step instructions for boiling an egg to medium-boiled. Number each step.

LLADA OUTPUT

1. Fill a pot with water.
2. Bring the water to a boil.
3. Place the egg in the water.
4. Cover the pot and reduce the heat to low.
5. Cook the egg for 7 minutes.
6. Remove the egg from the water.

YES/NO EVALUATION RUBRIC

Are the steps in a numbered or ordered list?

✓ PASS

Does it recommend a boiling time between 6 and 8 minutes?

✗ FAIL

Does it say to put the egg in cold or ice water after boiling?

✗ FAIL

Are the steps in order: boil water, add egg, time it, then cool?

✓ PASS

Does it describe what a medium-boiled egg looks like when done?

✗ FAIL
