Prompt #1

25% (1/4)

USER INPUT

You are a football coach. Your team is losing 2-0 at halftime. Write a short motivational speech for your players.

LLADA OUTPUT

Alright,, let's regroup and focusocus on We've't lost the game, we've lost the momentum. We's going to come back, and we're going to win it.

YES/NO EVALUATION RUBRIC

Does the output mention the score or being behind?

X FAIL

Does the output say the players can win or come back?

✓ PASS

Does the output give at least one specific tactical instruction?

X FAIL

Does the output use words like we, team, or players?

X FAIL

Prompt #2

80% (4/5)

USER INPUT

Explain the theory of relativity to a 5-year-old. Use simple words and a short analogy.

LLADA OUTPUT

Imagine you're playing on a playground swing. When you're swinging fast, time seems to move slower for you compared to someone friend who is standing. This is because of the theory of relativity, which says that time is relative and can change depending on how fast you're moving. Just's like time is slower when you're swinging fast on the playground.

YES/NO EVALUATION RUBRIC

Does the output use simple everyday words with no technical jargon?

✓ PASS

Does the output use an analogy or real-world comparison?

✓ PASS

Does the output say that time or distance can change depending on speed?

✗ FAIL

Does the output avoid math equations or formulas?

✓ PASS

Does the output say the speed of light is constant or that fast movement affects time?

✓ PASS

Prompt #3

75% (3/4)

USER INPUT

Write a Python script that reads a CSV file and calculates the average of a column named 'Price'. Handle missing file errors gracefully.

LLADA OUTPUT

```
import pandas as pd

def main():
    try:
        # = Read the CSV file
        df = pd.read_csv('data.csv')

        # = Calculate the average of the 'Price' column
        average_price = df['Price'].mean()
```

YES/NO EVALUATION RUBRIC

try: compile(output, '', 'exec') result = True except SyntaxError:
result = False return result

✓ PASS

Does the script read from a CSV file using the csv module or pandas?

✗ FAIL

Does the script calculate the average of a column called Price?

✓ PASS

Does the script handle the case where the file does not exist?

✓ PASS

Prompt #4

100% (4/4)

USER INPUT

Summarize the following meeting note in exactly 3 bullet points: We discussed the Q3 roadmap, agreed to move feature X to October, and assigned Alice to draft the spec by Friday.

LLADA OUTPUT

- Q3 roadmap discussed
- Feature X moved to October
- Alice assigned to draft spec by Friday

YES/NO EVALUATION RUBRIC

```
import re
lines = [l.strip() for l in output.strip().splitlines() if l.strip()]
items = [l for l in lines if re.match(r'^(\d+[\.])|[-*\â€¢])\s+', l)]
count = len(items) if items else len(lines)
return c...
```

✓ PASS

Does it mention moving feature X to October?

✓ PASS

Does it mention Alice drafting the spec by Friday?

✓ PASS

Does it mention the Q3 roadmap?

✓ PASS

Prompt #5

75% (3/4)

USER INPUT

Summarize the plot of the movie 'The Matrix' (1999) in exactly 3 sentences.

LLADA OUTPUT

In the 1999 film 'The Matrix', Neo, a computer hacker, discovers that the reality he knows is actually a simulated reality created by a group of machines to keep humans enslaved. Neo joins a group of rebels led by Morpheus, who seek to overthrow the machines and free humanity from the Matrix.

YES/NO EVALUATION RUBRIC

```
import re
text = output.strip()
sentences = [s.strip() for s in re.split(r'(?<=[.!?])\s+', text) if s.strip()]
return len(sentences) == 3
```

X FAIL

Does the summary mention Neo as the main character?

✓ PASS

Does the summary say reality is a simulated world controlled by machines?

✓ PASS

Does the summary mention a conflict between humans and machines?

✓ PASS

Prompt #6

80% (4/5)

USER INPUT

Create a 3-day workout plan for a beginner using only bodyweight exercises. Include sets and reps for each exercise.

LLADA OUTPUT

Day 1: Upper Body

Push-ups - 3 sets of 10 reps

Pull-ups - 3 sets of 10 reps

Dip rows - 3 sets of 10 reps

Day 2: Lower Body

Squats - 3 sets of 10 reps

Lunges - 3 sets of 10 reps

Leg raises - 3 sets of 10 reps

YES/NO EVALUATION RUBRIC

Does the plan have exactly 3 workout days?

✓ PASS

Are all exercises bodyweight only with no equipment needed?

✓ PASS

Are the exercises suitable for a beginner?

✗ FAIL

Does the plan target different muscle groups on different days?

✓ PASS

Does the plan include sets or reps for each exercise?

✓ PASS

Prompt #7

80% (4/5)

USER INPUT

Explain why the sky is blue. Keep it under 100 words.

LLADA OUTPUT

The sky appears blue due to Rayleigh scattering, where occurs when sunlight interacts with molecules molecules in the atmosphere. Blue light has shorter wavelengths and is scattered more than other colors, making the sky appear blue.

YES/NO EVALUATION RUBRIC

`return len(output.strip().split()) <= 100`

✓ PASS

Does the output mention Rayleigh scattering or light scattering by the atmosphere?

✓ PASS

Does the output say that blue light is scattered more than other colors?

✓ PASS

Does the output say sunlight or light interacts with air or the atmosphere?

✓ PASS

Does the output avoid saying the sky is blue because it reflects the ocean?

✗ FAIL

Prompt #8

100% (4/4)

USER INPUT

Write a short professional email declining a job offer. The reason is that the salary is too low.

LLADA OUTPUT

Subject: Re: Acceptance of Job Offer

Dear [Manager's Name],

Thank you for extending the job offer to me. I am writing to respectfully inform that I am unable to accept the position. the salary for this role is too low for me to consider. I

I am open to discuss the offer further, but I must that, at this time, I am unable to accept the the position.

YES/NO EVALUATION RUBRIC

Does the email have a greeting and a sign-off?

✓ PASS

Does the email decline or turn down the job offer?

✓ PASS

Does the email mention salary or pay as the reason for declining?

✓ PASS

Does the email thank the employer for the offer?

✓ PASS

Prompt #9

80% (4/5)

USER INPUT

List exactly 5 ingredients for a traditional Margherita pizza. Use a numbered list.

LLADA OUTPUT

1. Tomato sauce
2. Mozzarella
3. D mozzarella
4. Olive oil
5. Fresh basil leaves

YES/NO EVALUATION RUBRIC

```
import re
lines = [l.strip() for l in output.strip().splitlines() if l.strip()]
items = [l for l in lines if re.match(r'^(\d+[\.\s+]*â€¢)\s+', l)]
count = len(items) if items else len(lines)
return c...
```

✓ PASS

Does the list include dough or flour?

✗ FAIL

Does the list include tomatoes or tomato sauce?

✓ PASS

Does the list include mozzarella cheese?

✓ PASS

Does the list include fresh basil?

✓ PASS

Prompt #10

60% (3/5)

USER INPUT

Compare and contrast Batman and Superman in two short paragraphs.

LLADA OUTPUT

Batman and Superman are two of the most iconic characters in the. Both are superheroes, who fight crime, and have incredible powers sets. However, they have different personalities. Batman is a serious,, dark,, and intense character,, while Superman is more cheerful, optimistic, and confident. Batman is a vigilante, who operates in the shadows, while Superman is a hero hero, who is known by the public. Batman is more analytical and strategic, while Superman is more emotional and impulsive. Despite their differences, they characters share a common goal of justice and protection, and they often work together to save the world.

YES/NO EVALUATION RUBRIC

Is the response split into exactly two paragraphs?

✓ PASS

Does it say Superman has superpowers or comes from another planet?

✗ FAIL

Does it say Batman has no powers and relies on technology or intelligence?

✗ FAIL

Does it contrast the personalities of Batman and Superman?

✓ PASS

Does it cover both similarities and differences between them?

✓ PASS

Prompt #11

50% (2/4)

USER INPUT

Create a short troubleshooting checklist for a Wi-Fi connection that keeps dropping. Format it as numbered steps.

LLADA OUTPUT

1. Check if the router is properly connected to a power source.
2. Restart the router and router modem.
3. Check the router's firmware for updates.
4. Reset the router to its factory settings.
5. Check the router's cables for any damage.
6. Ensure the router is not in a metal box or behind furniture..
7. Check the router's antenna for any damage.
8. Check the router's settings for any channel issues.
- . Check the router's settings for any channel issues.
10. Check the router's settings for any security issues.

YES/NO EVALUATION RUBRIC

Is the output formatted as a numbered or ordered list?

✓ PASS

Does it mention restarting the router or modem?

✓ PASS

Does it mention reconnecting to Wi-Fi or checking Wi-Fi settings?

✗ FAIL

Does it mention signal strength or distance from the router?

✗ FAIL

Prompt #12

40% (2/5)

USER INPUT

Give step-by-step instructions for boiling an egg to medium-boiled. Number each step.

LLADA OUTPUT

1. Fill a pot with water.
2. Bring the water to a boil.
3. Reduce the heat to the lowest.
4. Add the egg to the water.
5. Cover the pot with a lid.
6. Let the egg cook for 7 minutes.
7. Remove the pot from the heat.
8. Remove the egg from the water with a slotted spoon.
9. Place the egg in a bowl of ice water.
10. Let the egg cool for 5 minutes.

YES/NO EVALUATION RUBRIC

Are the steps in a numbered or ordered list?

✓ PASS

Does it recommend a boiling time between 6 and 8 minutes?

✓ PASS

Does it say to put the egg in cold or ice water after boiling?

✗ FAIL

Are the steps in order: boil water, add egg, time it, then cool?

✗ FAIL

Does it describe what a medium-boiled egg looks like when done?

✗ FAIL
