Prompt #1

75% (3/4)

USER INPUT

You are a football coach. Your team is losing 2-0 at halftime. Write a short motivational speech for your players.

LLADA OUTPUT

Alright team, let's getroup!! We're down by two points, but we can't let this define us. We've come too far, and we won't let go. We've got heart, and we've got grit. Let's get back on there field and make this game ours!

YES/NO EVALUATION RUBRIC

Does the output mention the score or being behind?

✓ PASS

Does the output say the players can win or come back?

✓ PASS

Does the output give at least one specific tactical instruction?

✗ FAIL

Does the output use words like we, team, or players?

✓ PASS

Prompt #2

80% (4/5)

USER INPUT

Explain the theory of relativity to a 5-year-old. Use simple words and a short analogy.

LLADA OUTPUT

Imagine you're on a fast car ride. When you're moving really fast, time seems to go slower for you. That's because time is relative a to how fast you're moving. It can go faster or slower depending on how fast you're moving. This idea is called the theory of relativity.

YES/NO EVALUATION RUBRIC

Does the output use simple everyday words with no technical jargon?

✓ PASS

Does the output use an analogy or real-world comparison?

✓ PASS

Does the output say that time or distance can change depending on speed?

✗ FAIL

Does the output avoid math equations or formulas?

✓ PASS

Does the output say the speed of light is constant or that fast movement affects time?

✓ PASS

Prompt #3

75% (3/4)

USER INPUT

Write a Python script that reads a CSV file and calculates the average of a column named 'Price'. Handle missing file errors gracefully.

LLADA OUTPUT

```
import pandas as pd

try:
    df = pd.read_csv('data.csv')
    average_price = df['Price'].mean()
    print(f"The average price is {average_price:.2f}")
except FileNotFoundError:
    print("Error: The CSV file was not found.")
```

YES/NO EVALUATION RUBRIC

try: compile(output, '', 'exec') result = True except SyntaxError:
result = False return result

✓ PASS

Does the script read from a CSV file using the csv module or pandas?

✗ FAIL

Does the script calculate the average of a column called Price?

✓ PASS

Does the script handle the case where the file does not exist?

✓ PASS

Prompt #4

100% (4/4)

USER INPUT

Summarize the following meeting note in exactly 3 bullet points: We discussed the Q3 roadmap, agreed to move feature X to October, and assigned Alice to draft the spec by Friday.

LLADA OUTPUT

- Q3 roadmap discussed
- Feature X moved to October
- Alice assigned to draft spec by Friday

YES/NO EVALUATION RUBRIC

```
import re
lines = [l.strip() for l in output.strip().splitlines() if l.strip()]
items = [l for l in lines if re.match(r'^(\d+[\.]|[-*•])\s+', l)]
count = len(items) if items else len(lines)
return cou...
```

✓ PASS

Does it mention moving feature X to October?

✓ PASS

Does it mention Alice drafting the spec by Friday?

✓ PASS

Does it mention the Q3 roadmap?

✓ PASS

Prompt #5

100% (4/4)

USER INPUT

Summarize the plot of the movie 'The Matrix' (1999) in exactly 3 sentences.

LLADA OUTPUT

In 'The Matrix,' Neo discovers that reality is a simulated reality created by machines to keep humans enslaved. He joins a group of rebels led by Morpheus to fight the machines and free humanity. With Trinity's help, Neo finds a way to escape the Matrix and start a war against the machines.

YES/NO EVALUATION RUBRIC

```
import re
text = output.strip()
sentences = [s.strip() for s in re.split(r'(?<=[.!?])\s+', text) if s.strip()]
return len(sentences) == 3
```

✓ PASS

Does the summary mention Neo as the main character?

✓ PASS

Does the summary say reality is a simulated world controlled by machines?

✓ PASS

Does the summary mention a conflict between humans and machines?

✓ PASS

Prompt #6

60% (3/5)

USER INPUT

Create a 3-day workout plan for a beginner using only bodyweight exercises. Include sets and reps for each exercise.

LLADA OUTPUT

Day 1: 3 sets of 10 push-ups, 3 sets of 10 squats. Day 2: 3 sets of 10 lung-ups, 3 sets of 10 lunges. Day 3: 3 sets of 10 side planks.

YES/NO EVALUATION RUBRIC

Does the plan have exactly 3 workout days?

✓ PASS

Are all exercises bodyweight only with no equipment needed?

✓ PASS

Are the exercises suitable for a beginner?

✗ FAIL

Does the plan target different muscle groups on different days?

X FAIL

Does the plan include sets or reps for each exercise?

✓ PASS

Prompt #7

100% (5/5)

USER INPUT

Explain why the sky is blue. Keep it under 100 words.

LLADA OUTPUT

The sky appears blue because sunlight passes through Earth's atmosphere, scattering shorter wavelengths of blue light more than longer wavelengths of red light. This phenomenon is known as Rayleigh scattering. When the sun is below the horizon, the scattered blue light is more visible to our eyes, giving the sky its blue hue.

YES/NO EVALUATION RUBRIC

`return len(output.strip().split()) <= 100`

✓ PASS

Does the output mention Rayleigh scattering or light scattering by the atmosphere?

✓ PASS

Does the output say that blue light is scattered more than other colors?

✓ PASS

Does the output say sunlight or light interacts with air or the atmosphere?

✓ PASS

Does the output avoid saying the sky is blue because it reflects the ocean?

✓ PASS

Prompt #8

100% (4/4)

USER INPUT

Write a short professional email declining a job offer. The reason is that the salary is too low.

LLADA OUTPUT

Subject: Re: Job Offer

Dear [Manager's Name],

Thank you for the job offer. Unfortunately, I must decline the position due to the salary requirements. I hope someday to have the opportunity to work with your company in the future.

Best regards,
[Your Name]

YES/NO EVALUATION RUBRIC

Does the email have a greeting and a sign-off?

✓ PASS

Does the email decline or turn down the job offer?

✓ PASS

Does the email mention salary or pay as the reason for declining?

✓ PASS

Does the email thank the employer for the offer?

✓ PASS

Prompt #9

80% (4/5)

USER INPUT

List exactly 5 ingredients for a traditional Margherita pizza. Use a numbered list.

LLADA OUTPUT

1. Dough
2. Tomato sauce
3. Mozzarella
4. Fresh oil
5. Fresh basil

YES/NO EVALUATION RUBRIC

```
import re
lines = [l.strip() for l in output.strip().splitlines() if l.strip()]
items = [l for l in lines if re.match(r'^(\d+[\.]|[-*•])\s+', l)]
count = len(items) if items else len(lines)
return cou...
```

✓ PASS

Does the list include dough or flour?

✗ FAIL

Does the list include tomatoes or tomato sauce?

✓ PASS

Does the list include mozzarella cheese?

✓ PASS

Does the list include fresh basil?

✓ PASS

Prompt #10

40% (2/5)

USER INPUT

Compare and contrast Batman and Superman in two short paragraphs.

LLADA OUTPUT

Batman and Superman are two iconic superheroes characters. While Mr. Freeze is a villain and Batman is a hero fighting crime, Batman is a vigilante and Superman is a hero. Batman is a dark hero and Superman is a national hero. Batman is a symbol of justice and Superman is a symbol of hope.

YES/NO EVALUATION RUBRIC

Is the response split into exactly two paragraphs?

✓ PASS

Does it say Superman has superpowers or comes from another planet?

✗ FAIL

Does it say Batman has no powers and relies on technology or intelligence?

✗ FAIL

Does it contrast the personalities of Batman and Superman?

✓ PASS

Does it cover both similarities and differences between them?

✗ FAIL

Prompt #11

75% (3/4)

USER INPUT

Create a short troubleshooting checklist for a Wi-Fi connection that keeps dropping. Format it as numbered steps.

LLADA OUTPUT

1. Restart your router and modem. 2. Check your router for updates. 3. Clean your router and modem. 4. Check your device's network settings. 5. Try connecting to another Wi-Fi network. 6.. Contact your internet service provider if the connection problem persists.

YES/NO EVALUATION RUBRIC

Is the output formatted as a numbered or ordered list?

✓ PASS

Does it mention restarting the router or modem?

✓ PASS

Does it mention reconnecting to Wi-Fi or checking Wi-Fi settings?

✓ PASS

Does it mention signal strength or distance from the router?

✗ FAIL

Prompt #12

40% (2/5)

USER INPUT

Give step-by-step instructions for boiling an egg to medium-boiled. Number each step.

LLADA OUTPUT

1. Place the egg in a pot of water water.
2. Bring the water to a boil.
3. Reduce the heat to a and simmer for 7 minutes.
4. Remove the egg from the water and let it cool.
5. Peel the egg and use as desired.

YES/NO EVALUATION RUBRIC

Are the steps in a numbered or ordered list?

✓ PASS

Does it recommend a boiling time between 6 and 8 minutes?

✗ FAIL

Does it say to put the egg in cold or ice water after boiling?

✗ FAIL

Are the steps in order: boil water, add egg, time it, then cool?

✓ PASS

Does it describe what a medium-boiled egg looks like when done?

✗ FAIL
